

## Antioch News honored by Illinois Press Association

THE ANTIOCH NEWS is one of 80 newspapers throughout the State to receive awards in the 1973 Illinois Newspaper Contest. The NEWS was honored in three separate categories. The competition is sponsored each year by the Illinois Press Association.

For the second year in a row under the publication of Joe and

Barb Rush, the NEWS was given Honorable Mention for General Excellence. Judging in this category is based upon general and departmental news editorial page and use of pictures.

Photography was a strong point for the NEWS. For the general use of illustrative material throughout the paper,

THE ANTIOCH NEWS was rated third out of all papers in its class. This includes all papers entered in the statewide competition - weeklies - and dailies - having a circulation of up to 5,000.

An individual photograph which appeared on the back page of THE ANTIOCH NEWS

on May 16, 1973, was awarded an Honorable Mention in the competition for Best Photography. The photograph of a tree swing by Staff Photographer Phil Schwartz was copied on high-contrast film and printed on high-contrast paper to achieve an unusual graphic effect. The poetry accompany-

ing the photo also received favorable comment from the judges.

Other Lake County newspapers receiving awards in the contest were the Fox Lake Press, Libertyville Independent Register, Mundelein Herald and Lake Zurich Frontier Enterprise.

# Village Board sets hearing date

A public hearing will be held Monday, November 12, at 7 p.m. in Village Hall concerning a proposed ordinance placing a six-month moratorium on all village zoning changes and changes in the district map.

The Antioch Village Board voted to hold the hearing at their last meeting Monday, October 5, to give the public adequate notice of such action and to respond. Copies of the proposed ordinance, drawn up by the village attorneys, will be posted in five spots throughout the village.

Bruce Christensen of Harland, Bartholomew and Associates, was present at the meeting. Harland-Bartholomew is the agency hired by the Village to draw up a comprehensive plan for Antioch.

Christensen told the Board they should set a date for a public hearing to inform the public it intends to pass the ordinance.

He said his company has studied the success of moratoriums in other cities and has found that three things lead to a successful moratorium. The first thing, he said, is for the ordinance to state a specific time limit. The second - for the ordinance to contain a preface of intent and justification. Thirdly, Christensen said, the

public should be given opportunity to respond.

Christensen explained to the Board that a zoning ordinance in itself means very little without a comprehensive plan to give a guideline of reasoning for taking action on zoning.

He said he thinks that a six month time limit on the moratorium would be plenty long enough for Harland-Bartholomew to develop their plan, although it is possible more time might be needed. But, he said, should the moratorium prove unsatisfactory, the ordinance could always be rescinded.

The Board will meet directly after the public hearing to vote on the passage of the new ordinance.

Assuming the ordinance is passed, the Board will be required to consider any properly submitted requests for zoning changes filed before November 12.

### BIDS ACCEPTED

In other action, the Board voted to accept a bid of \$11,995 from the Stewart Olson Implement Co. for a new diesel-powered Village dump truck. It also voted to accept a contract bid of \$8,883 for a new public

# Meyer to ask increase

See related story on page 2

In a letter to the Antioch News, Henry Meyer, Superintendent of the Antioch Grade Schools, indicated his intention to recommend that the Board of Education run a referendum before January 1, asking for a tax rate increase for operational purposes. The Board has been working with an architect in the development of a building program and had intended to ask the people for building bonds and additional operating money at the same time. The Board has now decided to wait until the future plans for community growth are more definite and solidified before bringing a building proposition before the people.

But, according to Superintendent Meyer, the district needs additional operational money now, to reinstate the programs which were cut last year and still run a balanced budget. If a rate increase is run

during this calendar year, the additional money will be available for the 1974-75 school year. If a referendum is not run until after January 1, 1974, then the additional tax money will not be available until the 1975-76 school year.

Superintendent Meyer said he intends to ask the Board to consider a 40 cent rate increase in the Education Fund and a 20 cent increase in the Building Operation and Maintenance Fund. "I know this is asking for a sizeable rate increase," he said, "but we haven't had a tax rate increase since 1966, except for the 3 cent transportation increase last year."

According to Meyer, the recommended rate increase should do several things:

-It would permit the schools to restore all the programs which were cut last year.

-It would enable the district to considerably reduce its indebtedness in the two funds.

(Present indebtedness in the Education Fund and Building Operation Fund is \$210,306.83).

-It should enable the district to provide the added staff necessary for an additional 500 students over the next five years, providing the pupil increase comes gradually, and providing inflation doesn't exceed 5 percent per year.

"From what we see now, there is little question that a building program will have to come before the people in the not too distant future," Meyer said. "This rate increase should handle staff increase and the operation of a new building, unless inflation gets out of hand or something unforeseen happens. In the meantime, we can restore our programs and start retiring our debt. I don't know about other voters, but personally I would rather pay a little more taxes now and see the programs restored and the debt interest reduced."

Beginning immediately, Antioch police will again be enforcing an old Village ordinance which prohibits parking on the Village streets at night. The purpose of the law is to allow for the periodic cleaning of the streets, which is difficult with the number of cars currently left parked on the streets overnight. Signs such as this one, shown by Public Works employee Ron Horton and Police dispatcher Sue Sedivec, are being posted at all entrances to the Village. (Staff Photo)

## Antioch to request federal funds for new school program

See related story on page 1

The Antioch Grade School board voted at its last meeting, Tuesday, October 9, to permit Mary Kern, a science instructor at the Antioch Upper Grade School, to write a proposal for the development of an environmental education program.

The proposal will be submitted to the federal government in order to obtain a grant under the Elementary and Secondary Education Act of 1964.

If the proposal is accepted, the Antioch School Board will receive a federal grant with which to develop the program.

Superintendent Henry Meyer said to his knowledge there is no such program existing in Illinois at this time. For this reason, he said he thinks the program has a good chance of being funded.

Also in Antioch's favor, he added, is the fact that the Antioch grade schools are so diverse in structure, atmosphere and teaching methods.

Meyer said if Antioch were funded, the system would be required to open its classrooms to observers from other schools also considering such programs. He said he believes the four grade schools run the gambit of types of schools from which observers might come.

The program would be strictly intended for children from kindergarten through eighth grade. The environmental curriculum would be inte-

grated into other studies, rather than being developed into separate courses. Meyer said that the program would also be, as much as possible, integrated with environmental concerns of the community.

How much money it would take to develop the program is

sidewalk improvement project. And it voted to accept John Teresi's Chevrolet-Oldsmobile bid of \$2,900 for delivery of a new squad car for the Antioch Police Department.

### FIREMEN TO TAKE COURSE

The Board voted to give Mayor Bob Wilton authority to sign a resolution requiring all new members of the Antioch Fire Department to take a course offered by the University of Illinois in firefighting. On completion of the course a fireman becomes certified by the state of Illinois.

According to Antioch Fire Chief Tod Maplethorpe, the program costs the department very little-time and incidental material only. The state pays for training aids and half the salary of the men during training time.

### HALLOWEEN ALLOWED

The Board took action to have Halloween-on Halloween. They set the time for trick-or-treating from three to eight o'clock in the afternoon, October 31.

### GEORGETOWN ASKS TO STAY

A Georgetown Furniture and Bedding Co. representative was present at the meeting to

request the Board's permission to retain its showroom-warehouse in the Antioch Furniture building downtown. The emissary stated that Georgetown had "cleaned up" the showroom front of the building and reduced the warehousing portion of the building to one half in

accordance with the Antioch zoning ordinance.

The Board passed a motion that the request be turned over to a committee for an investigation. The committee will make a recommendation to the rest of the Board at the next Board meeting.

## Veterans' Day ...

The atrocities American prisoners of war suffered at the hands of the North Vietnamese sound like something out of a horror film -- not actions one would expect from fellow human beings. But it did happen and, as in wars past, our soldiers performed admirably under the circumstances. With the POW's return fresh in our minds, along with the memory of others who fought and died, throughout our national history, that we might live, it is right we should make Veterans' Day, October 22, a tribute to their sacrifice.

Veterans' Day is a time to let patriotism shine through. Because men and women were willing to meet their country's call, the United States has been able to grow and send its message of freedom across the world. One day out of 365 is not nearly enough to express our gratitude to the "American doughboy" for his efforts to preserve the liberty and Constitutional rights we enjoy today -- but it's a start.

## .. Whenever it is

The recent federal legislation creating five "Monday holidays" in the United States and subsequent action in some States overriding that law has created confusion in the minds of many citizens.

For us, the legal jumble posed the simple problem of when to editorially honor our nation's veterans. The United States government, including the Post Office Department, military institutions and the Veterans Administration, observe Veterans Day on Monday, October 22nd.

The State of Illinois, however, through action of the State legislature, has reverted -- after one year following the federal practice -- to observing the holiday on the original date of Armistice Day, November 11th. Since that date falls on a Sunday this year, the legal holiday in Illinois is taken on Monday, November 12th.

With a large naval base and a Veterans hospital nearby, we have chosen to publish our tribute to America's veterans in time for the October 22nd observance.

The sudden resignation of Vice President Spiro Agnew has given rise to a Constitutional issue involving the first application of the 25th Amendment to the U.S. Constitution approved in 1967.

As a Member of the Congress in 1965 when this constitutional change was recommended by the House Judiciary Committee, and approved by a two-thirds vote of the U.S. House and Senate, this Member of Congress has had personal contact with this subject.

It should be recalled that the assassination of President John F. Kennedy gave rise to this constitutional change. During a period of more than 2 years following the time when Vice President Lyndon B. Johnson succeeded to the Presidency, the office of Vice President remained vacant. In order to overcome this problem in the future, Section Two of the 25th

Amendment declares that "Whenever there is a vacancy in the office of the Vice President, the President shall nominate a Vice President who shall take office upon confirmation by a majority vote of both Houses of Congress."

While the language appears to be clear enough, it will be noted immediately that the President is not "required" to nominate a Vice President nor is there any time frame under which the House of Representatives and Senate should act to confirm the Vice Presidential nominee. Furthermore, the provisions under which the House and Senate should perform their roles in confirming or rejecting a vice Presidential nominee are nowhere spelled out.

In recalling the portions of the Committee report presented in connection with this constitutional change, it is noted that the Congress intended that the Vice President nominee should be chosen by the President in substantially the same manner as the President's running mate is selected in our political conventions. The report pointed out that the Vice President would presumably belong to the same political party as the President, and would be someone in harmony with the President and his basic policies.

While it is intimated that the House Judiciary Committee should conduct hearings relative to the qualifications of the

Vice Presidential nominee, this issue still remains undecided. Indeed, it would seem preferable for the House of Representatives to sit as a Committee of the Whole in connection with its role in confirming a Vice President.

This historic issue must be added to the other dramatic and exciting occurring during the 93rd Congress. It is a subject which will be necessarily resolved shortly. Indeed, a primary reason for adopting the 25th Amendment to the Constitution was to assure that the Office of Vice President should not remain vacant. There appears to be no reason why expeditious action cannot accompany a thoughtful and judicious selection a successor Vice President.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

To Whom It May Concern:

I was promoted to Lance Corporal (1/Cpl.) meritoriously, on 1 July 1973. It really doesn't make much difference to me how people address their letters or what have you, to me. It's always great to hear from home. Well to the Brass and Staff, the addressing must be precise for some apparent reason. So to please them and also to get them off of my case, I'm asking you to change the ranking on the address. I would appreciate it and apparently, so would they.

Thank you for being so very considerate in regards to sending the newspaper to me. It is always nice to know what's happening back home. I was home in the latter part of May and into June. So many changes seemed to have taken place in the first seven months of my being overseas. If it weren't for the newspaper coming to me, I wouldn't have been aware of the changes that I am now.

Once again, I thank you and hope that you keep doing the fine job you are doing now. It does a service man wonders. Well, at least it does for me.

I'll be home in 38 days (Nov. 14) and I'd like permission to drop in and thank you personally. It seems that it could only be right.

Sincerely,  
Dane J. Roth  
1/Cpl. U.S. M.C.

Dear Dane:

Congratulations on your recent promotion. We enjoy hearing from you, too. Please do stop in when you are home.

## Ask the Governor

Q. I think the property tax should be abolished and the tax loss made up by the income tax. If you make money, you pay the tax; if you don't, like the older citizens, you don't pay. What are your feelings on this?

A. I don't think it is feasible to take the property tax load completely off and put it on the state income tax. If you did, two things would happen. Number one, you would have to triple the state income tax and that would put a very substantial burden on a lot of people who couldn't afford it. I wonder how many people could afford that. Elderly persons and young people just starting out who don't own property but who rent apartments would have their taxes go up very substantially. Another problem is that if you increase the income tax on business, those of you who are working hard to get new business and industry to come into this state to improve economic conditions and to provide jobs would have a very tough time persuading them to come. You might even force some to close down, increasing unemployment.

The other reason I would like to suggest is more philosophical. You know I am a great believer in the local control of our school system. One of the reasons why you have parents at local school districts all over this state watching what goes on in their schools is because their real estate taxes go to pay for their schools. If you take away that incentive and have all the money

come out of Springfield or Washington, as some people urge, then people are not going to have that incentive to go and talk to the school boards. While I want the state to put more money into public education, I want the local balance to keep the local interest in our schools.

Q. What do you plan to do in the mental health field in the next three years?

A. We are determined to work very hard to improve and increase community mental health care by getting patients out of the big, cold institutions that some people call warehouses, and into community treatment facilities. I don't think we are going to make real progress until we move more in the direction of community care. We can combine this with good pre-care--that is, treatment of patients before they have to be institutionalized--and, also, good after-care programs--the treatment of patients after they come out of an institution. That is going to be the major direction of our program in the next several years. At the same time, we are going to be adding personnel involved in direct patient care and we are going to continue getting rid of the middle-management paper shufflers. We are also going to put into effect ombudsman programs at every institution so that patients, employees and the public can be assured that their complaints will go into the head of the department or, where necessary, to the governor.

## Enthusiasm High for Power Mechanics

Power Mechanics is "the use and control of any form of energy," according to Antioch Community High School Industrial Arts Department Chairman Stuart Good.

At last Antioch students have a chance to learn at least one phase of power mechanics. After years of trying but failing because of the lack of sufficient funds, Good finally succeeded this September in instituting the program he has long wanted.

Good and the instructor of the program Tom Schweiss have both worked to get the program set up and in to operation.

There are two courses in the program - Industrial Arts Power Mechanics for freshmen and sophomores, and Power Mechanics I for juniors and seniors. Both courses are almost identical, the only difference being the ages of the students in them.

There are three classes of the freshman-sophomore course and two classes of the junior-senior course, a total of 125 students.

Both courses deal with the fundamentals of mechanics and are job oriented. Good said the philosophy of the program is orientation, not specialization. He said the program's purpose is to let the students know just how many areas there are for specialization, and to give them knowledge for home use of small engines.

Schweiss has designed the course to include written assignments as well as practical work. Students are required to know all of the parts of the motors they work on and their functions before they are allowed to disassemble and assemble motors.

The motors the students work on are small, most being from lawn mowers. At no time during the course will students study motors over 35 horse power. Good said the shop was intentionally set up as a

non-drive in classroom because the industrial arts department decided it did not want the students to use the course for the purpose of maintaining their own cars, nor did it want the program to develop into an auto maintenance one. Good said only a few students entered the program believing they were going to learn auto mechanics.

Classes are held in a remodeled room in the south end of the original school which was once an auditorium and then a girls' gym. It was made into a shop for the power mechanics course about five years ago right before Antioch High School began facing financial difficulties. Good said the room lay empty for over two years.

The power mechanics room actually looks very little like a room in which 125 boys take apart and put together greasy, grimy motors everyday. The room is very clean as are the tools hanging on organized tool panels on the wall.

Schweiss said he has a rule requiring any grease spilled on the floor to be immediately cleaned up, mostly for safety reasons. He said his students cheerfully comply and work hard to keep everything else clean as well.

Good said the majority of students in the courses are those who are vocationally oriented, although there are a few who are planning to attend college.

Good said there is "unbelievable enthusiasm" shown for the program by students—that interest is "extremely high."

"We didn't think classes would be this full," Good went on. He said three more classes could have been filled this year which means about 100 students who showed interest in the course were not able to take it. Schweiss estimated that about one half of the male freshman class will pass through the

Two students in the new Power Mechanics course at Antioch Community High School take the measurements of a lawn mower engine. The course, in planning for several years, covers the basics of small engine maintenance and repair. Instructor of the course, at left, is Thomas Schweiss. (Staff Photo)

program in the course of the year.

Presently each class has 24 students who work in pairs. Most of the equipment is new, although the motors are used. Setting up the program cost approximately \$8000, Good said.

Good said that if all goes well this year, as it seems to be, next year the industrial arts department will attempt to add another phase to the program probably involving autos.

In an auto power mechanics course students would learn to tune a car, check its compression and timing, lubricate it, etc.

Good said this phase could possibly be added for approximately \$2000, the initial cost of the shop already having been taken care of. Most of the equipment needed to work on motors is already in the shop, such as tools and an exhaust system that will take care of up to 10 automobile motors.

Schweiss, in his first year at Antioch High School, taught auto mechanics for two years in the Milwaukee high school system after his graduation from the University of Wisconsin, Stout.

## Wolves visit St. Peter and the Lions

A wolf came to Antioch last week, yet no one in town was ever in the least danger.

The animal was brought to town by members of the North American Association for the Preservation of Predatory Animals. The visit was part of a program to acquaint people with the plight of the wolf, which faces the danger of extinction at the hands of Man.

According to the literature published by the Association, the wolf is 99 percent extinct in

the continental United States.

"What is needed to save these animals from extinction," says the brochure, "is a massive education program, showing the value of these animals to humans... (and) the value of their contributions in the predator-prey food chain, of which man is part."

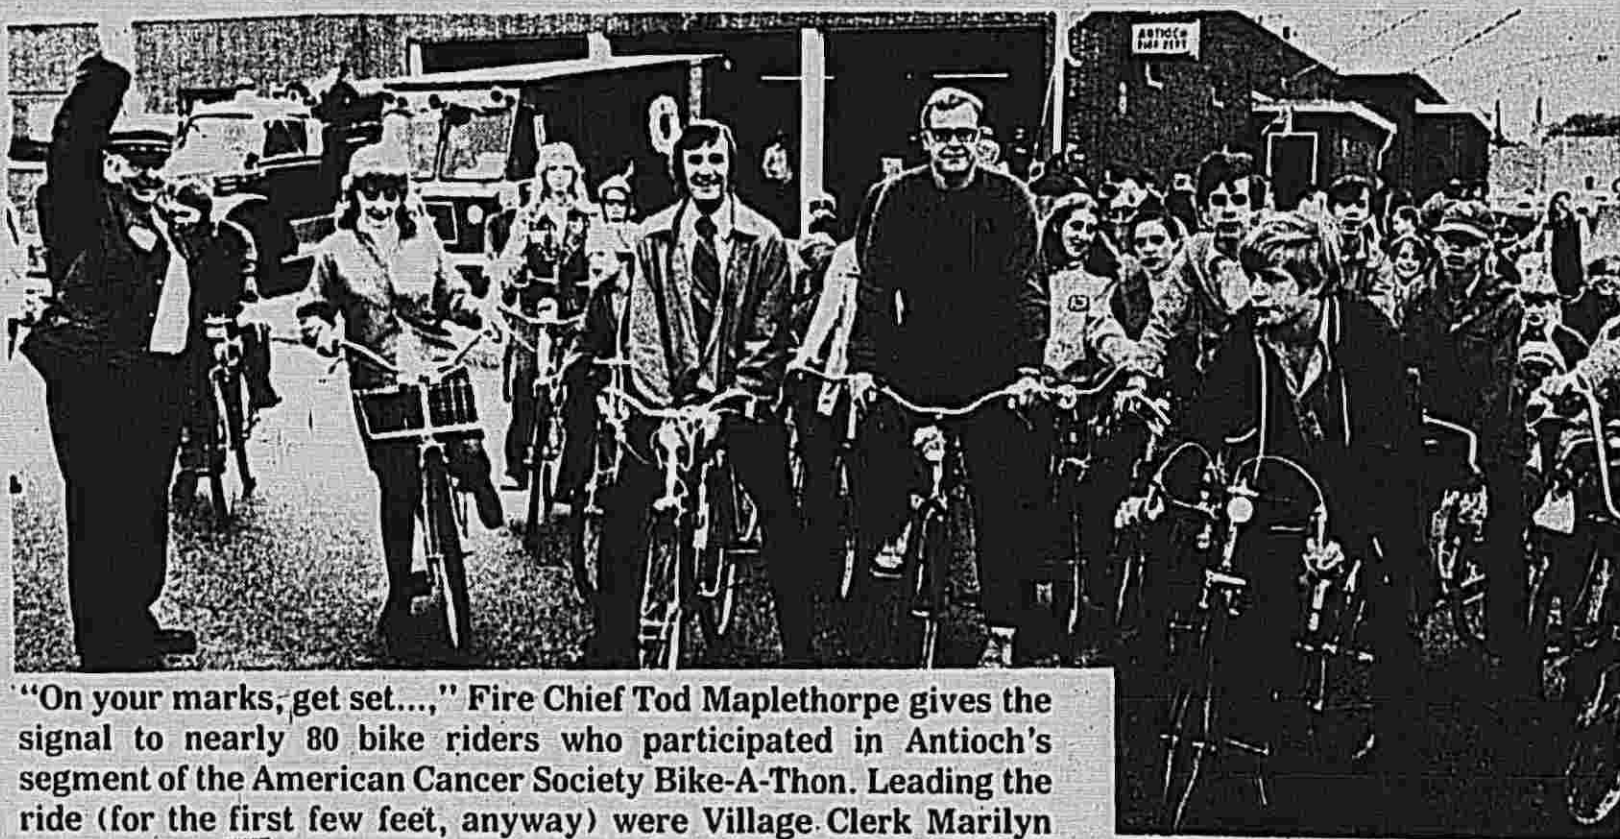

The appearance of the wolf-named Rocky-highlighted the showing of films to the Antioch Lions Club and the student body of St. Peter's School.

## Grass Lake To Host Parents

Superintendent William Hart has announced that parents are invited to visit the Grass Lake School as part of the observance of American Education Week on

Monday, October 22 and Tuesday, October 23 during school hours. The theme this year is "Get Involved" and Superintendent Hart considers this an important role for parents at anytime. Guests are asked to sign the guest book in the school office and receive instructions to facilities they wish to visit. This annual event has always been well attended at the Grass Lake School and Superintendent Hart encourages parents to support this observance.

Lunches will be available to visitors and they are asked to contact the school office by 10:00 a.m. on the morning they plan to visit if they wish to eat lunch. Guests will be asked to complete a brief questionnaire at the end of their visit to help give the school direction on their programs, activities, and needs of the community.

"On your marks, get set, go..." Fire Chief Tod Mapleshorpe gives the signal to nearly 80 bike riders who participated in Antioch's segment of the American Cancer Society Bike-A-Thon. Leading the ride (for the first few feet, anyway) were Village Clerk Marilyn Sterbenz, Mayor Robert Wilton, and High School Superintendent Warren Polley. (Staff Photo)

## BIKERS RIDE FOR CANCER

About 80 Antioch area bicyclists, most of them young, but some in their "maturity," pedaled in excess of 560 miles last Saturday to raise funds for the American Cancer Society.

Having obtained pledges of a specified contribution per mile from area residents before the ride, the cyclists earned \$3,031 for their first trip around the seven-mile circuit. Many riders went around again, some more again, and a few more continued even further. The longest ride recorded was nine trips around the course.

Riders are now in the process of collecting their pledges,

which should be turned in to the State Bank of Antioch.

Those who aided at the various checkpoints along the route were: Tod Mapleshorpe, Dale Frisch, Ed Olszewski and Bill Eckert at the Fire Station; Mr. and Mrs. Steve Erickson at the Antioch Evangelical Free Church; Jaycettes Marcia Starcevic, Sandy Landt and Rita Jenkins at the Ray Atwood residence.

Posters marking the route were placed by Boy Scouts Dick Whitton and Ron Nauman and troop leaders Dick Harland and Bill Nauman.

## HOMECOMING EVENTS SCHEDULED

### It's Homecoming Week.

And one of three very pretty girls will soon be named as Antioch Community High School Homecoming Queen.

The three girls are: Janet Kroepin, daughter of Mr. and Mrs. George Kroepin, Lake Villa; Kathy Toft, daughter of Mr. and Mrs. Ray Toft, Antioch; and Sheri Tell, daughter of Mr. and Mrs. Harold Tell, Lindenhurst.

The Queen will be announced at the pep rally Friday, October 9, the night before the Homecoming football game with Grayslake.

Leading up to that event, however, are a number of other activities.

Tuesday, October 16, marks sophomore spirit day, a day in which sophomore students adorn the hallways, rooms and cafeteria with decorations as proof of their Sequoit school

### "spirit."

The junior class has their day on Wednesday, October 17, and freshmen get their chance on Thursday, October 18. Seniors try their talent at decorating on Friday, October 19, after which the work from each class is evaluated to determine which class has the most school spirit.

That same Friday evening is the occasion of the pep rally on the football field at which the queen will be announced.

Also at that rally the

members of the football team will be introduced individually with comments on each one by one of the football coaches.

After the rally the night will be topped off with a giant bonfire supervised by the Antioch Fire Department.

Saturday, October 20, the action begins again at 9 a.m. in the high school parking lot where the Homecoming Parade will assemble. There are expected to be about 20 floats participating in the parade as

well as the Antioch High School Band. The drum and bugle corps from Gurnee may also be there. The parades leaves at 10:00 a.m.

Twelve o'clock is the starting time of the sophomore football game with Grayslake, and the varsity game begins at 2 p.m.

During the varsity game halftime, the class floats will parade around the field carrying the Homecoming Queen and her court in respective floats. After the circling of the field the queen will be formally introduced.

The Homecoming Dance will begin at 8 o'clock Saturday

evening in the high school gymnasium. The dress is to be semi-formal and those in attendance will dance to the music of "Cotton Mather," a semi-hard rock group.

The crowning of the queen ceremonies and the introducing of the queen's court will begin at 10 p.m.

The Queen will have a freshman, sophomore and a junior attendant and two senior attendants. Every attendant will be escorted at the dance by a member of the varsity football team.

After the ceremonies, the dance will continue until 11 p.m.

### Township officials to convene

The 64th annual Convention of the Township Officials of Illinois will be held in Peoria, October 21-24. Most of the elected officials from Antioch Township are planning to attend the gathering.

Among those attending will be: Lloyd Murrie, Township Supervisor; Blaine Ring, Highway Commissioner; L.R. Van Patten, Clerk; Homer LaPlant and Harold Wilson, Auditors; and Dudley Kennedy, former Assessor.

The convention will include general assemblies dealing with major topics and legislation and seminars directed toward the specific officials.

In addition to the major State officers who will address the convention, there will be preparations from several State legislators, including 32nd District Senator Karl Berning.

### McCLORY HAILS NOMINATION OF GERALD FORD FOR VICE PRESIDENT

Congressman Robert McClory issued the following statement in connection with the nomination of Gerald Ford as Vice President:

"President Nixon could not have named a more highly qualified man for the post of Vice President than my friend and colleague, Congressman Gerald Ford of Michigan, the Republican leader of the U.S. House.

"Congressman Jerry Ford is one of those whom I recommended to the President for this post, and I predict a speedy confirmation by an overwhelming majority in both the U.S. House and Senate.

"In addition to congratulating the President on this selection, I want to assure my constituents and the American people that -- in Vice President Ford -- they will have a dedicated and faithful person in the second position of leadership in our country.

"I predict that my House Judiciary Committee will give Congressman Ford its highest recommendation."

Congressman McClory is the second ranking Republican on the House Judiciary Committee to which the President's nomination of Congressman Ford as Vice President has been assigned for hearing and report.

not yet known. However, the Elementary and Secondary Education Act sets virtually no limit on the amount of money to be allocated to such programs. Much of the cost for the program, Meyer said, would be spent for paying the wages of teachers while they are engaged in the writing of the program, consulting with environmental experts and investigating existing written material.

the proposal is now in the process of being written, and a copy should be presented to the Board at the Board's next meeting November 13.

### PLANS PRESENTED

Architect Don Anderson presented plans again for a totally new grade school and plans for the improvement of two other schools. The plans called for a total of \$1,473,000 in spending.

The Board reviewed the plans but took no action on them pending further studies of school needs and financial capabilities.

### CONTRACT SIGNED

The Board voted to sign a year's service contract with Honeywell for the maintaining of the Upper Grade School's heating system. The cost of the contract is \$2,964.

The Board also voted to accept Pederson Brother's bid of \$9562 for the purchase of two new school busses.

Meyer recommended the erecting of basketball backstops at the edge or inside of the blacktop at the Upper Grade School at the cost of \$590. The motion was made by a member of the Board and was passed.

It was voted to repair the roof of the Upper Grade School. The Larson Roofing Co. received the contract. Cost of the work is not to exceed \$4,352.

Also business manager Sam Kohr was given authority by the Board to order a new stove for the Lower Grade School from the lowest bidder at a cost not to exceed \$750.

### KOHR REQUESTS EXTRA HELP

Kohr requested the Board give him authority to hire extra part-time maintenance work. Kohr said one thing that has put the work behind is the vandalism done to the Lower Grade School several weeks ago. The Board decided to hold off on a decision until further study is made.

### MATERNITY RULES SET

For the first time the Board accepted a firm maternity policy.

The new policy requires that pregnant teachers notify the superintendent of schools within 10 days after their pregnancy has been verified by a physician. It requires the teacher to obtain from her physician a statement indicating the condition of her health and her expected delivery date.

During pregnancy a teacher may take a leave of absence any time she feels unable to teach. After delivery she may come back any time a physician says she is able to perform her duties. However, that time must not exceed seven weeks unless she presents a letter from her doctor stating she is unable to begin again. The Board, at its discretion, may then require the teacher to receive an examination from a physician of its choice.

**REMEMBER WHEN?** We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

## LOCAL FIREMEN GOING TO SCHOOL

Local firefighters have the opportunity to earn a college certificate in firefighting from the University of Illinois.

The firemanship course is geared toward helping firemen fight fire more efficiently while protecting themselves as well. The course, which began Wednesday, Oct. 10, is meeting once a week for five weeks from 7-10 p.m. Any fireman attending all five meetings is eligible for a certificate in firefighting from the University of Illinois.

The topic of the first meeting was "Breathing Apparatus." The lecture was centered on "air packs—why they are needed and how they operate."

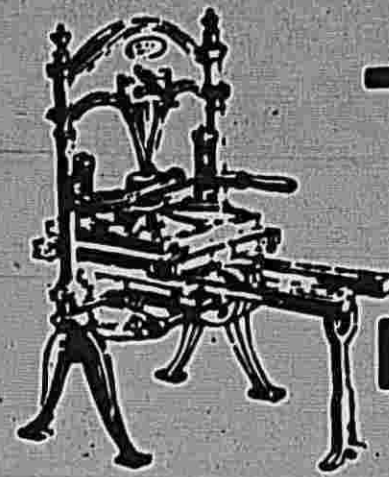

Antioch firemen practiced putting on the air pack equipment in several different ways to find a personally suitable method of carrying the equipment. The men in groups of three were then sent in full gear into a pitch dark, messed-up basement room to find a "victim" to rescue.

Antioch Fire Chief Tod Mapletorpe said he believes learning how to properly use

breathing apparatus is a very important part of a fireman's education. Mapletorpe said atmospheric dangers are becoming greater for firemen all the time because of the synthetic materials used to manufacture furniture. He said that, instead of burning, some furniture melts, giving off poisonous vapors into the air.

Tonight, Wednesday, Oct. 17, the discussion topic will be "ladders." Discussion the night of Oct. 24, will be "Hoses—their evolution, care and maintenance." "Small Tools and Forcible Entry" will be the subject for lecture Oct. 31. And rounding out the five-week course will be the discussion of "Apparatus," trucks, pumps, etc.

Lt. Don Boram of the Zion Fire Department, who is a certified instructor of the state, will be the lecturer at all the meetings. However, should Boram not be able to lecture any night for reasons of duty, class discussion will be led by Zion Fire Department Chief Jim Bennet.

## TRAVELING WITH TAFFY

### HAWAII Continued

A half an hour later, about 90 students loaded a chartered bus heading for the Polynesian Cultural Center, which is about 1½ hours from where the ship was docked. The farther we went into the countryside, the more and more beautiful it was. No longer were we exposed to the city life and hustle and bustle of tourists. The bus driver sang Hawaiian songs to us along the way. We stopped at a small shop for coconut and pineapple.

After we reached the Polynesian Cultural Center, we did some research and found that there is far more to it than meets the eye. It is a non-profit educational and cultural activity of the Church of Latter-Day Saints (Mormons) created to perpetuate and preserve the arts, crafts and cultures of Polynesia and to provide jobs and scholarships for Polynesian students. More than 400 students "work" their way through college by singing, dancing and filling assignments at the Polynesian Cultural Center.

After exploring the small villages and huts, we were served a Hawaiian dinner, buffet-style. Then we were ready for the performance which we had been waiting for all evening.

The theatre was outside in a scenic setting of ancient Hawaii. No props, no artificial backgrounds. There were bleachers in a semi-circle with a small stream in front. The performances were done in canoes going through the stream, on a cliff overhead and on a small island-type piece of land that served as a stage. To serve as a curtain, colored water was sprayed up into the air around the stage before and after the performances. The dances, chants, costumes, and musical accompaniments were beautifully detailed and elaborate. A separate demonstration was performed for each village: Hawaii, Tonga, Samoa, Maori, Tahiti, and Fiji. There were dances of old love stories, arrivals of kings, juggling fruits, warriors, spear dances and many others. The "Invitation to Paradise" was the perfect finale for our short stay in Hawaii.

#### THE HAWAIIAN CULTURE

I have been describing sights, sounds and atmospheres in Hawaii. But what about the people? How did these islands become so commercialized and industrialized—and such an attraction for tourists? And how does the native Hawaiian feel about the changes that have taken place? In order to understand Hawaii today, these points must be discussed.

The Polynesians originally came from the area of Hawaii and moved from island to island in their dug-out canoes. They were guided by birds, stars and currents. The first thing they did upon arriving was to unload their deity and build a temple. They then laid out the land among themselves and divided it into equal

strips from the sea to the mountainside.

Not much clothing was worn because of the extremely hot climate. These people have respect for everything, including their bodies. The deity made the human body, it is beautiful and they were not ashamed.

With the coming of Captain Cooke, the whalers, and the missionaries, Hawaii began to change. The Hawaiians were stared at and considered "naked savages." The missionaries felt sorry for the natives and tore down their temples to

help them see the truth. Plantations were established. Industrialization soared. And the beautiful islands of Hawaii were soon invaded by an avalanche of people.

Today, there are only 10,000 pure Hawaiians. Recently, one of these people was asked how he felt about Hawaii today. To summarize, he replied that everything (even their religion) is now a demonstration; a show. It hurts them. It is no longer their island. They now wear muumuus to cover the body that they had never been ashamed of before. Discrimination has crept in. The wealthy people practically own the mountains lands and the beauty has been destroyed by technology. Hawaii could have become a model island for the world but is now ruined.

These are the feelings of the native Hawaiians. We must sympathize with them and realize these things to evaluate them, when referring to Hawaii. It may seem like a bitter note to end on, but is an important point concerning Hawaii's culture.

Aloha! Next stop, Japan.....

ALICE COOKE SPALDING HOUSE

## NEW DRINKERS POSE NO PROBLEM

The fears of chaos and violence shown by many law enforcement officials and drinker establishment owners throughout the state resulting from the new 19- and 20-year-old Illinois drinking law have been dispelled in the first ten days the law has been effective. Such is the case, anyway in and around Antioch.

"We haven't had a bit of trouble here," said Police Chief Jack Wells. "We haven't had one complaint, believe it or not."

Probably the main reason for the lack of trouble is that there just are not that many 19- and 20-year-olds buying liquor in Antioch package liquor stores or drinking in Antioch bars.

Bill Georgeson, owner of The Village Pub, 899 Main St., Antioch, said the new drinkers have done nothing to improve his business. Georgeson said he receives the same 19- and 20-year-old crowd that he always has except that, instead of ordering a coke, the new drinkers order a beer.

He said it is just as he expected—the persons who frequented the bars across the state line in Wisconsin before Oct. 1, still do.

"It's been beautiful, really," agreed Barbara Verdien, bar tender at Bob's Tap, 911 Main St. She said she has served only two 19- and 20-year-olds herself on the day shift and reports are that not many more have been served at night. "I think the majority of kids like a band, and they go back to Wisconsin," she added.

Tim Geary, bar tender at Thompson's Bar and Grill, 933 Main St., also said there has been absolutely no trouble. He said there has been no difficulty with people over and under 21 passing drinks among themselves or refusing to be carded.

Geary also said that there have been very few drinking customers under 21 come into

Thompsons. Those that do, Geary said, usually order a glass of wine or a beer with a meal.

Dan Haley, owner of the Limerick Lounge, 912 Broadway, had predicted a considerable amount of business from 19- and 20-year-olds before the drinking law actually went into effect, but he has found his expectations were a bit high.

"I really can't say it has helped or hurt us," Haley remarked. He said of those that do drink at his place, most come in after midnight.

Haley goes along with other Antioch bar owners, maintaining that his establishment has seen no trouble as a result of the new drinkers. He describes them as "polite, very good."

"The kids aren't stupid," Haley contended. "They realize what'll happen (if they cause trouble)."

In package liquor stores it's been the same story.

David Vos, assistant manager of the Foremost Liquor Store, said not a dozen 19- and 20-year-olds have been through his store since the new law went into effect Oct. 1. Vos said he also believes young drinkers are still going to Wisconsin to their old haunts to drink hard liquor.

Kenneth Swan, owner of Swan's Liquors, Rt. 59 and 173, said he has had perhaps as many as two dozen 19- and 20-year-old customers since Oct. 1. Swan said he is playing it safe and making every one sign an affidavit swearing to their age.

Swan said he goes through this procedure even if a 19- or 20-year-old customer looks his age. He said he has had no trouble thus far with anyone in the new drinking group.

All the businessmen as well as Chief Wells said the lack of trouble is what they had expected all along.

## American Legion Auxiliary

As Fall approaches, a full agenda of activities has filled the calendar of the 10th District American Legion Auxiliary. On October 25th, there will be a 10th District Auxiliary rehabilitation meeting at the Deerfield American Legion Home, at 8:00 p.m. According to Mrs. Robert Broege, Deerfield, district rehabilitation chairman, all the parties, picnics, activities, etc., for both the 10th District Auxiliary and the 22 Units will be scheduled for 1973-74 for the patients at Downey Hospital at this time.

A combination Halloween party and planning session, October 26th, will mark the opening of the 10th District Auxiliary "Juniors" year, and it will be held at the Libertyville American Legion Home, at 7:30 p.m. Due to the resignation of Doreen Schultz of North Chicago, as district junior vice president; Annette Zitkus of Antioch was elected to that office and installed on October 12th.

The children and youth meeting of the 10th District American Legion and the Auxiliary will take place on Sunday, October 28th, at 2:00 p.m. Discussion for the day include preparations for the "Christmas Caravan", when the children from the three Lake County Children's Homes will be visited by "Santa" with presents for all; and also, as to whether a large gift for children at the Illinois Sailors and Soldiers' Children's School (ISSCS) at Normal should be bought, or individual presents. All post commanders, unit presidents and their respective children and youth chairmen are asked to be in attendance, state John Ones, North Chicago; and Mrs. William Franzen, Vernon Unit, district children and youth chairmen. Miss Jacqueline Watters of Grayslake serves as secretary of this group.

Under the leadership of Mrs. Norman Hplt, North Chicago, 10th District President, the first board meeting will be held at

the George Alexander Mc Kinloch, Jr. American Legion Home in Lake Forest, October 29th, at 8:00 p.m.

Mrs. William Stringer of Oak Park, State President, will hold key Department Caravan workshops in conjunction with the five division meetings throughout the state, all during October and the first week in November.

State Workshops are planned for the 73,000 Auxiliary members in Illinois, to personally participate with the Caravan group in the discussion of the programs followed by a question and answer period.

Traveling with Mrs. Stringer will be Miss Geraldine Riden of Peoria, State First Vice President and state children and youth chairman; Mrs. Robert Sonne of Clifton, State Second Vice President and state veteran's affairs and rehabilitation chairman; and Miss Dorothy Hinson, Madison, state membership chairman.

Participating from the 10th District Auxiliary in this 2nd Division State Workshops will be Mrs. Herbert Gleason, Libertyville, State Assistant Sergeant-at-Arms; Mrs. John Chudzik, Lake Zurich, state member veterans craft committee; Mrs. Richard Stastny, Mundelein, State Vavs Downey Hospital Representative; Mrs. Ray Rathmann, Antioch, State member of the past president's parley commission and 2nd Division past presidents chairman; Mrs. Joseph Hogue, Waukegan, 2nd Division Children and youth chairman; Mrs. Edward Jahneke, Antioch, State President's publicity press book chairman and 2nd division communications chairman; Mrs. Everett Ainsworth, Lake Forest, 2nd Division Foreign Relations Chairman; and Mrs. A.J. Dorn, Mundelein, 2nd Division Gold Star Chairman.

The 2nd Division Workshop will be held at the new Ingleside Town Hall on November 4th, with registration starting at 9:00 a.m. and sessions starting at 9:30 a.m.

### SOCIAL NOTES

By Del Jahneke

"It's Cranberry Festival Time" in Wisconsin, and the Bernard De Vries family of Antioch wouldn't miss seeing that unique type of farming process for the world! For those who have never seen "cranberry bog picking" (self included), the cranberries are picked up in small paddle boats and are then propelled to a large flat bottomed scow, into which they are emptied. This cranberry harvesting occurred last weekend, in Warrens, Wisconsin, near La Crosse. The De Vries also visited one of Bernie's brothers, Tom and his family, at Blair, Wisconsin. This time, the De Vries visiting "team" numbered four - Bernie, Helen, their daughter, Dianna; and granddaughter, Amber Martin.

Our sincere sympathy to the Ray Rathmann family, Oakwood Knolls, in the death of Eunice's mother, Mrs. Edith Wenhe of Chicago, who died October 8th.

Mrs. Joseph Danca, Beach Grove, is still suffering from the severe pain of "shingles".

which she has now endured for over six months. Cheery get well cards and prayers said for the relief of her ailment would gladden her heart. She is at home, and cards should be sent to Mrs. Della Danca; Route 5, Box 201-A, of Antioch.

### CHIEFS & SQUAWS ORGANIZE

Tuesday, September 25, the Antioch Chiefs and Squaws 4-H Club held their organization meeting for this season. The meeting was held at Auxier's house where they decided what projects they would work on. Some of the projects are: Leather, Mosaics, Nature Crafts, Wood Working, Foods, Table Covers, Gardening, Indoors, Flower Arranging, Sewing, Poultry, Rabbits, Gun Safety, Fishing, Crocheting, Party Planning.

Then Tuesday, October 2, the club had their first monthly meeting. At this meeting they voted on officers, talked about how the club can earn money, etc.

We are all hoping this 4-H year will be as good as it has been in the past.

## GARDEN CLUB TO HEAR SPEAKER

The Antioch Garden Club will meet on Monday, October 22, at 12:30 p.m. at the First National Bank Community room.

An interesting program will be given by Mrs. K. Wilkins. This will be a guest day.

Mrs. Elmer Christopherson and Mrs. Frank Fleider will serve as hostesses.

## WOMEN OF THE MOOSE

The Meeting was called to order at 8 p.m. by Senior Regent June Ballenger, the Mooseheart Committee held their program, the guides escorted Carol Quinn to the Altar where she proceeded to introduce her committee. After this the Senior Regent turned over her station to Carol where she proceeded with her program which was questioned and answered on the floor. Checks were presented to the Senior Regent for the Mooseheart Christmas Fund and Women of the Moose Scholarship Fund. Moosehaven chairman Bernice Ehlert was escorted to the Altar by the guides and showed gifts for Moosehaven. After this there was the enrollment of two new candidates who are as follows: Lillian Flaig sponsored by Irene Klenz; Anita Wisniewski sponsored by Carol Quinn, also Ki Desbiens was presented with her pin for attending three consecutive meetings. Junior Graduate Karen Bartuska was presented with her Green Cap at the Convention in Peoria, Illinois. Congratulations Karen! Share the pot was won by Lillian Harritty and the Attendance pot was lost by Merry Keuhlman. Too Bad Merry—remember you must be present to win. Last but not least we are proud to announce that Senior Regent and Worthy Governor Ballenger are the proud parents of a beautiful baby girl born October 7th at Victory Memorial Hospital. Congratulations to you both-----.

## UNITED WAY OF LAKE COUNTY REACHES \$300,000

In the week since the United Way Kick-Off, volunteers gained an additional 6.4 percent pushing the total amount of monies pledged and collected to \$300,000.

Among those credited for the recent climb are the Hough Plant of International Harvester Co., whose corporate gift was increased 11.1 percent over last year, and employees of the First Federal Savings and Loan Assn., where contributions increased 14.6 percent over last years. The President's Division, being lead by Edward Pickus of Pickus Construction Co., soliciting from major firms raised \$5,000 in the past week, reaching 45.4 percent of their \$448,082 goal. Other notable increases in the campaign divisions were Special Gifts, directed by Mrs. Lee Losch, President of the Fred W. Losch Beverage Co.; and the county-wide Schools Division, co-chaired by Dr. James Capra, Director of Elementary Education, Waukegan Schools, and W.L. Bill Thompson, 1st Assistant County Superintendent of the Educational Service Region. Special Gifts increased by 11.7 percent, and the School's Division gained 9 percent.

The United Way of Lake County is anticipating raising \$795,641., which will be distributed to twenty-five health, welfare, and character building agencies.

## POST OFFICE ANNOUNCES NEW MONEY ORDER RATES

A new money order with the limit raised from \$100 to \$300 per order will be available at Antioch post office on October 13, according to Postmaster Walter Barnas.

Postmaster Barnas said the new system can save both the customer and U.S. Postal Service money. Buyers of the new money order will pay one fee—40 cents—for money orders valued from \$50.01 to \$300. Fees for the lesser amounts will remain the same. Under the old system, a \$300 money order would involve three 40 cent fees for a total of \$1.20.

The Postal Service has centralized administration of its money order system at the Postal Data Center in St. Louis. It has the most advanced paper forms processing system of its type in the world and as a result of this efficiency the Postal Service expects to save about \$1.6 million a year, Postmaster Barnas said.

He said a new money order imprinter will replace the

punch machine now in use. The imprinter is based on the same method of printing as the credit card imprinters used in department stores, restaurants and gas stations. It is designed to save time and effort at the postal window, Postmaster Barnas said.

A three-part carbon inter-leaved money order form replaces the card form that is now in use. Postmaster Barnas says the larger customer receipt will be less easily misplaced, contains a complete record of when, where, and in what amount it was purchased, and will allow the Postal Service to provide faster claim service through machine processing.

The new money order form meets American Bankers Association standards for rigid handling and processing. Recipients of money orders will be able to cash them at 42,000 post offices and stations and 23,000 banks and branches," Postmaster Barnas said.

## Bite from Barb

By: Barb Olson

Floats, dances, parades, football games, bonfires, pep rallies, kings, queens, and bands. These are all traits of Homecoming weekend. Spirit week is going to be different this year: Tuesday, sophomores; Wednesday, juniors; Thursday, freshmen; and Friday, seniors. Usually the freshmen are first, but this year they will be able to see what spirit day is and how they are to show spirit.

There will be no sock hop after the bonfire this year. Instead there will be a dance after a later game. The Sophomore class chose Laurie Perrone for their court representative. Queen shall be voted for early this week by the Senior class.

Last Wednesday 18 government students went to the Waukegan Courthouse to participate in two mock trials. Approximately 12 schools participated. Lois Geist and Bill Beese acted as jurors on the cases. It was interesting to see how a trial was held and a lot was learned from it.

The Sequoits had their second victory Saturday. The Sophomores had a 16-0 victory and the Varsity, 12-8. Jim White and Floyd Davis made Antioch's two touchdowns for the Varsity team.

## AREA GIRLS IN MISS TEENAGER CONTEST

The 10th annual competition for the Miss Illinois Teen-Ager Pageant will be held June 28 and 29 at the Conrad Hilton in Chicago. This is a preliminary pageant to the National Miss Teen-Ager Pageant. There will be awards and prizes in 15 categories on the state level. Each girl is judged separately on her theme on the subject 'What's Right About America?' and will also be judged for her scholastic achievements, civic contributions, poise, personality, and appearance.

Representing the Antioch area in the contest are Miss Michelle Roth, 16, daughter of Mr. and Mrs. Alfred C. Roth, and Miss Chris Walpole, 15, daughter of Mr. and Mrs. Fred Walpole.

Both of the girls attend Antioch Community High School. Michelle is a member of the GAA, pep club, track and gymnastics teams and cheerleader. She hopes to pursue a career as a model. Chris is on the honor roll, a member of the swim club, pep club, GAA and drama club and hopes to become a model or an actress in the future. Her sponsor is the First National Bank of Antioch.

## STUDENT COUNCIL FILM FESTIVAL

The second A.C.H.S. Student Council Monthly Movie will be Sunday, October 28th at 7:00 p.m. in the Antioch High School Auditorium. The theme this month is "October Oldies." Eight short features will be shown starring such greats as: Charlie Chaplin, Ben Turpin, Buster Keaton, W.C. Fields, The Marx Brothers, Laurel and Hardy, and the Keystone Cops. The show will last a full 2 hours and 15 minutes with a short intermission. Popcorn and pop will also be sold. Admission is only 50 cents, adults, kids, or students. Come and bring the whole family for an evening of good old-time entertainment.

**ARIES** (March 21-April 20): A period of peak creativity indicated in the coming week. Projects involving themes, writing or other literary composition should go well. Romantic cycle is on the rise. You have an opportunity to improve your relationship with a loved one. Best days: Saturday, Monday.

**TAURUS** (April 21-May 20): Signs indicate harmony on the homefront and improved financial prospects. Be considerate of family members, especially in-laws. Spouse or loved ones may be surprisingly cooperative in helping you achieve a cherished goal. Best days: Friday, Sunday.

**GEMINI** (May 21-June 21): A romantic mood could make this a very pleasant week. Be alert for new opportunities to meet people. Social cycle is at a peak. Do not permit minor irritations to upset your otherwise cheerful attitude toward life in general. Best day: Wednesday.

**CANCER** (June 22-July 21): Planetary influences favorable for rewards, possible for past performance or recognition for a hobby. Share any good fortune with family and friends. Some travel or correspondence to a distant place possible. Best days: Wednesday, Thursday.

**LEO** (July 22-Aug. 22): Problems involving a career or a new work assignment require careful thought. Only you know the direction you wish to take. Weekend is fine for shopping, entertainment and could provide a welcome break from routine. Best days: Tuesday, Thursday.

**VIRGO** (Aug. 23-Sept. 22): A generally quiet period of routine indicated. Concentrate on activities around the home during the weekend. Early in week, your imaginative approach to a problem at work or a project in school could make you a winner. Associates should be cooperative. Best days: Monday, Wednesday.

**LIBRA** (Sept. 23-Oct. 22): Excellent period for social activities. Your charm and style impress others. Watch grooming. A new romantic interest could be developing. Work diligently to gain the support of superiors in career matters. Best days: Friday, Monday.

**SCORPIO** (Oct. 23-Nov. 22): A most favorable period for those born under your sign indicated. Business discussions can prove fruitful and possibly rewarding. Family relations go smoothest if you exercise tact. You may be nearing a breakthrough on a project which has long interested you. Best days: Wednesday, Thursday.

**SAGITTARIUS** (Nov. 23-Dec. 21): Now is not a time to strain your budget through indulgence. Wait for finances to improve. Be sure to schedule enough rest to avoid health problems. Loved ones may be worried about you. Best day: Friday.

**CAPRICORN** (Dec. 22-Jan. 20): Take time out this weekend for activities with children, your own or those of relatives and friends. You can brighten their weekend by hosting an outing or a visit to an interesting area. Social activities may occupy your attention most of period. Best days: Saturday, Wednesday.

**AQUARIUS** (Jan. 21-Feb. 18): Someone may call on you for advice or assistance through a special talent. Give it willingly, do not waste time over imagined difficulties. A good week for career gains. A new opportunity may be forthcoming. Best days: Tuesday, Thursday.

**PISCES** (Feb. 19-March 20): A time for reflection on long-term goals. You may be encouraged in career plans by events. Go out of your way to be considerate of elderly associates or relatives. Their friendship is well worth cultivating. Best days: Friday, Thursday.

## With A "Stern Eye"

Politics is my business—it is what I do every day of my working life—just as yours may be lawyering or medicating or housekeeping. And I am having a bad year. Imagine how it feels to go home each night confident that 90 percent of the people of America believe all politicians are crooks. Damned upsetting, I'll tell you. And I'm getting very thin-skinned on the subject.

There were a number of things I planned to deal with in this week's column: the wildly futuristic tour of the Zion Nuclear plan was one. Sensational! And at Tuesday's County Board meeting hardly anyone swore at anyone else and I didn't see any blows exchanged. Heaven knows that's newsworthy! I was going to mention the fact that I won a couple of days' lunch money in the World Series Play-off Pool until I found out that pools are against the law. And I was going to dwell in some depth and at some length on the ridiculous request of the County Board Finance Committee that every county department limit its salary increases to 4 percent. In a year when the cost of living has risen nearly 10 percent, we are being asked to hold the line at a 4 percent increase—i.e., only a 6 percent net loss for the good folks in County employ. For the first time since my election, the officers of Lake County are united in a common cause. I was prepared to lead a raiding party to burn George Bell in effigy. Others are prepared to found a union of county employees.

There was a whole lot of stuff I was going to put into this week's column but last night this whole paranoid business of being a politician began to reach me. We attended the annual dinner of the Lake County Crime Commission; the scheduled speaker was Big Jim Thompson, the U.S. Attorney for this area. Shortly before the last minute, however, he was whisked off to Baltimore to preside over the action there, and he was replaced in Waukegan by an Assistant, Sam Skinner.

Perhaps I could have permitted the Vice President's dishonor to pass without comment if I hadn't heard Mr. Skinner last night. Skinner is a bright, articulate young man. And he did fine too, right up until the end of the speech when he chose to comment on the day's news—the V.P.'s resignation. It was at that point that the hair at the back of my neck began to rise. Hackles too, if I have any.

The thrust of his statement was that "only in America are you liable for investigation and prosecution regardless of the level of office you hold." And he pointed with pride at the day's doings in Baltimore. Those shenanigans proved, he said,

that Mr. Agnew was not protected from judicial retribution by the heady heights to which he had risen.

Yes, that's what set me off. That relatively harmless distortion by the Department of Justice impaled me painfully. Only in America, it said between the lines, can the Vice President cop a plea and get off without spending a night in jail while criminals of lower degree move into the confines of Sing Sing, Joliet or Devil's Island.

You have to understand that I have found it hard to convince myself lately that the political road is a defensible one to follow. And this is MY chosen field we're discussing.

When Edward J. Barrett—my counter part in Cook County—was convicted of taking a \$200 cut on every voting machine sold to his county, I was very angry; I felt that his messing around had wiped off on me. When Otto Kerner was convicted, I felt sick. When Watergate was exposed—in fact as each layer peels off revealing the maggots underneath—I don't know how to maintain a sense of pride in my chosen profession.

And now that the Vice President of the United States has emerged—to use Jim

Thompson's phrase -- as "A crook"—and has even been able to horse trade himself out of jail—we are given the palliative that he has suffered enough; that justice has been served and the country has been spared a divisive and expensive trial.

The question of course, remains whether we are entitled to require greater honesty and greater ability to resist temptation from our elected officeholders than from ordinary citizens? Does the fact that a man stands for public office imply a claim on sterling character?

The answer has got to be 'Yes'. Personal honesty (not to be confused with intellectual honesty) is the sine qua non of politics. Or else the whole theoretical system is a fraud.

How come then, that so many public officials have broken the trust?

But there I go—being a nattering nabob of negativism again...

## LIFE UNDERWRITERS TO MEET

The Monthly Luncheon Meeting of the Lake County Life Underwriters will be held Friday noon, October 19, at the Holiday Inn on Grand Avenue in Gurnee, Illinois.

The guest speaker for this meeting will be Mr. Joseph W. Hanley, CLU, Agency Manager for the Equitable Life Insurance Company of America. Mr. Hanley is a native of Orange, New Jersey, a 1940 graduate of Seton Hall University with a B.S. degree, served as a lieutenant in the Coast Guard during W.W. II. He joined the Equitable in 1946, was appointed Field Assistant in 1949, promoted to District Manager in July, 1950 and received the National Citation award (which is the highest award presented by Equitable for District Managers.), was promoted Agency Manager in Rockford, Illinois in 1965 and won the President's Citation Award in 1969 (which is the most coveted award for Agency Managers). Mr. Hanley was transferred to Chicago in

January, 1971, as Agency Manager.

While in Rockford, Mr. Hanley served as a Director of Rockford General Agents and Managers Association, was a member of NALU and CLU chapters, past-president of Catholic War Veterans and past-president of Rockford Rotary Club.

Mr. Hanley resides in Lake Forest, Illinois, with his wife, Ellen and their seven children.

Jim Alleman, President of the Lake County Life Underwriters, said that every underwriter should attend this meeting on professionalism. Each and every agent should be striving for this goal.

At the October meeting, we will also be presenting awards for National Sales Achievement, National Quality Award, Health Insurance Quality Award; MDRT, LUTC, and CLU members will also be honored. Mr. Alleman encourages every member to attend this meeting and bring a colleague with them.

## THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

### Set your clothes washer and dryer for savings.

Using the correct settings on your automatic washer and dryer can cut your laundering costs. On both your washer and dryer, adjust the setting for each type of item. Less hot water in your washer and a lower temperature in your dryer means less energy is consumed. For example, a permanent press item can be washed in warm water and dried on a warm setting. Higher settings waste energy and often do an inferior job.

Also, you may be able to regulate the operating time on your washer or dryer to save energy. On your washer, partial-load settings use a shorter cycle to clean smaller loads. A "damp dry" setting on your dryer not only reduces the energy used but also prepares the clothes for

immediate ironing without sprinkling—cutting down on your laundry time, too. These hints are included in our free booklet "101 Ways to Conserve Electricity at Home." For your free copy, write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

## CHRISTIAN SCIENCE CHURCH

In revelation 7 we read: "For the Lamb which is in the midst of the throne shall feed them, and shall lead them unto living fountains of waters." This is brought out this week in the Lesson-Sermon entitled "DOCTRINE OF ATONEMENT" and will be read at Christian Science church services Sunday.

From Science and Health with Key to the Scriptures by Mary Baker Eddy we read "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight....I have kept the faith,' because you are a better man. This is having our part in the at-one-ment with Truth and Love."

Services at First Church of Christ, Scientist, BEACON HILL, Route 173 and Harden, Antioch, Illinois begin at 11 a.m. All are welcome; and care for children is provided.

### PUBLIC NOTICE

PUBLIC NOTICE is hereby given that a hearing on the proposed moratorium ordinance on amendments to zoning ordinance of the Village of Antioch, Lake County, Illinois, will be held in the Village hall, 874 Main Street, Antioch, Illinois on November 12, 1973 at the hour of 7:00 p.m., as herein set forth in its entirety.

This notice and the proposed moratorium ordinance shall be posted in at least (5) public places in the Village of Antioch and published in a newspaper of general circulation in the Village of Antioch, Illinois.

### MORATORIUM ORDINANCE ON AMENDMENTS TO ZONING ORDINANCE

WHEREAS, the Village of Antioch is in the process of preparing an Official Comprehensive Plan, and

WHEREAS, the Village of Antioch has the powers to:

- Promote and protect the public health, safety, comfort, morals and welfare;
- To protect the character and stability of the various land use within the Village and to promote the orderly and beneficial development of such areas;
- To provide for adequate light, air and safety from fire and other dangers;
- To regulate the intensity of use of lot areas;
- To prohibit uses, buildings or structures incompatible with the character of development or intended uses within specific zoning districts;
- To limit the congestion on public streets;
- To prevent the overcrowding of land and undue concentration of structures;
- To conserve the taxable value of land and buildings throughout the municipality;
- To protect against hazards to persons and damage to property resulting from the accumulation or runoff of storm or flood waters;

as outlined in the Illinois Revised Statutes, and

WHEREAS, the necessary accepted planning studies included in the Comprehensive Plan will not be available or completed for at least six (6) months, and

WHEREAS, it is for the best interests of the Village of Antioch to have said Moratorium Ordinance,

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, LAKE COUNTY, ILLINOIS:

SECTION 1: That a moratorium on amendments to the zoning ordinance is hereby declared from November 12,

## "Hindsight's Better Than Foresight"

by: Rev. Eugene Keusal

No one in Antioch knows what the future holds but every Christian knows Who holds the future. However each person in his unique way helps to form the future by using and developing whatever God has given to him.

God did not create everything that was ever to be and then stop. He did create everything in act or potency. He gave man the ability to bring this potency to being.

So everyone has something to add to this world of ours, something to give to the human race. If there are people that we don't have time for, if there are people whose freedom we destroy or take away, their potency may never develop.

As dependent beings we need the support of our fellow man. We especially need the daily common everyday support of presence, actions and words of those we love. We need to hope that not only will our fellowman hear what we are saying but also that they will be able to hear what we are not saying.

Perhaps more important Christians first need to give the same things that they are expecting others to give. Christians need to give their support of presence, actions and words. They need to hear what others are saying about themselves. They have to give their support even more by listening to what people are not saying about themselves.

1973 to May 13, 1974.

SECTION 2: For purposes of this ordinance, moratorium shall be defined as follows: A freeze placed on amendments to the zoning ordinance of the Village of Antioch pending completion of the Comprehensive Plan for the Village of Antioch, Illinois.

SECTION 3: This ordinance shall be in full force and effect on and after its passage and approval.

SECTION 4: That the Village Clerk is authorized to refuse any petitions for amendment to zoning ordinance during said six (6) month period.

The foregoing Ordinance was adopted by a vote as follows:

AYES:

NAYS:

ABSENT:

PASSED BY THE BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, ILLINOIS, this day of , 1973.

## FROSH WIN ONE, LOSE ONE

Antioch's freshmen football teams split this past weekend, the "B" team beating Mundelein 14 to 6 and the "A" team losing to Richmond's frosh-soph team 18 to 8.

The "B" team completely dominated their game with the Mustangs. Rich Bailey scored one TD and ran for the PAT and Bill Waters scored on a pass from John Grippando. The play covered 35 yards. Antioch threatened one other time but was stopped on the one foot line. The "B" team record is now 4-0-1.

The "A" team travelled to Richmond for a night game on Friday and came away with a tough loss. Our frosh were playing Richmond's frosh-soph team. The year difference in age is important. After Richmond scored twice, Antioch dominated the game. Except for a kick off return to start the second half, Richmond could not score on the Sequoia. In the near time, Antioch began to move the ball, driving 54 yards in 16 plays before being stopped on the one yard line. Two plays later Doug Schreiber recovered a fumble on the 13 yard line. Four plays and a penalty later Todd Ten Eyck scored on an option from quarterback Mark Stewart. Ten Eyck added the two point PAT behind good blocking by fullback Bruce Kecskemeti. These points were the first surrendered by Richmond in six games.

Coach Norm Hahn was generally proud of his team's showing: "We were timid at first but we got tough, as the game progressed. Richmond is a very rough ball club." Coach Hahn praised Rick Dauck and Marty Lloyd for their line play, Ten Eyck for his overall effort and Brian McGrain for his defense. Next games are against Grayslake, the "A" team there Friday at 4:30 and the "B" team Monday here at 4:30.

## WAUKEGAN SKI CLUB TO MEET

### SKI COOL!!!!!!!!!!

That's the theme for the Waukegan Ski Club for the '73-'74 Season. Meetings are held the first and third Thursday of every month at the Waukegan Yacht Club. The meetings begin at 8 p.m. Thursday, October 18 is the next meeting. It will feature a ski movie and discussions of coming events.

If you are now a skier, or are interested in learning this great sport, why not consider joining our club? Everyone is welcome.

The Winter Program opens with the 13th Annual Ski Show, held at the American Legion Home at 501 W. Washington Street in Waukegan. This year the show will be held on Friday, November 2, from 7:00 p.m. to 1:00 a.m. The Ski Show presents ski movies, fashion shows, and ski demonstrations throughout the evening. A dance closes the evening with music by "The Scotch Lads".

Coming events include three weekend trips to Michigan and Northern Wisconsin at popular ski areas. The highlight of the year will be a two week trip out West. One week in Salt Lake City, Utah, and the other week to Aspen, Colorado.

## ALL-STAR CARD AT ACHS GYM OCT. 24th

It will be the first big-time pro-wrestling card ever in the Antioch Community High School gym Wednesday night, October 24th, and it promises to be a GREAT ONE! Some of pro-wrestling's most famous TV stars will be on hand:

**THE CRUSHER:** Who with Dick the Bruiser has drawn more money as a tag-team in wrestling than any other, and hold all the big records for attendance and gross receipts in the major areas in America and Japan.

**MITSU ARAKAWA:** Japanese heavyweight wrestling champion, and currently top ranked heavyweight title contender for Verne Gagne's world title.

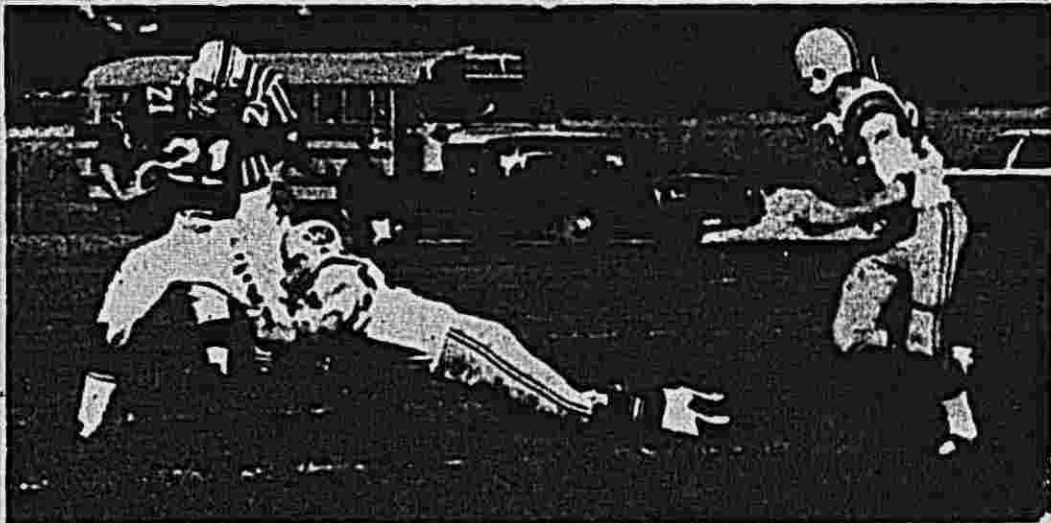

**THE GREAT SAKI:** Famed Japanese Karate expert and more recently one of the top Kung Fu advocates. He has trained many of the oriental stars who you see perform in the current rash of Kung Fu movies.

**YUKON MOOSE CHOLAK:** Former great high school and college football star, who went on to become a Navy Fleet boxing champion and then

amateur wrestling star before turning pro. As a professional wrestler Cholak has gained world-wide fame.

**GIRLS: TANIA WEST versus PRINCESS JASMINE-**This match rates as a toss-up as both girls vie for a shot at the World title.

Ticket prices for the show are \$4.00 ringside and \$2.50 general admission and may be purchased in advance of the show at the State Bank of Antioch, John Teresi Chevrolet and Olds, and Walsh's All Seasons, at the Bank of Waukegan and at the 1st National Bank of Kenosha. Choice seats will be on sale

## ANTIOCH SOPHS CLIMB TO 3 and 3

Saturday afternoon before a Parents Day crowd Antioch Sophomores evened their record at 3 wins 3 losses with a 16-0 shutout of Wauconda. The victory was even more impressive considering Wauconda's record was 4-1 before the game.

Although missing four regulars, the sophomores showed a solid defense that caused five fumbles, all recovered by Antioch. John Fenner, Dick Kessler, Tim Sheppard, Marc Lubkeman, and Mike Walsh picked up the loose balls, while John Fenner and Gary Connelly picked off Wauconda passes.

Offensively, the sophs put up three points early in the 2nd quarter on an eleven (11) yard field goal by Dick Kessler with Brad Schneider holding. The second score was a three yard plunge by Tim Sheppard capping a 50 yard march in 12 plays. The PAT kick was wide. Late in the game with Wauconda desperately filling the air with footballs, John Fenner intercepted and returned 73 yards for the score. Dick Kessler split the uprights and the victory was complete at 16-0.

Next Saturday the sophs play Grayslake whose record is also 3-3.

## SEQUOITS IN LAST MINUTE WIN

The Antioch Sequoits win as they lose—the hard way. This team, which lost its first game by a touchdown in the last 24 seconds, dropped three one-point decisions and gained its first victory in ankle-deep mud by a single touchdown, added another chapter to its album of nail-biters Saturday.

With just :42 showing on the clock and the Sequoits trailing by a score of 8-6 to Wauconda, Floyd Davis shot over the goal from the two-yard line to clinch Antioch's second victory of the year, 12-8.

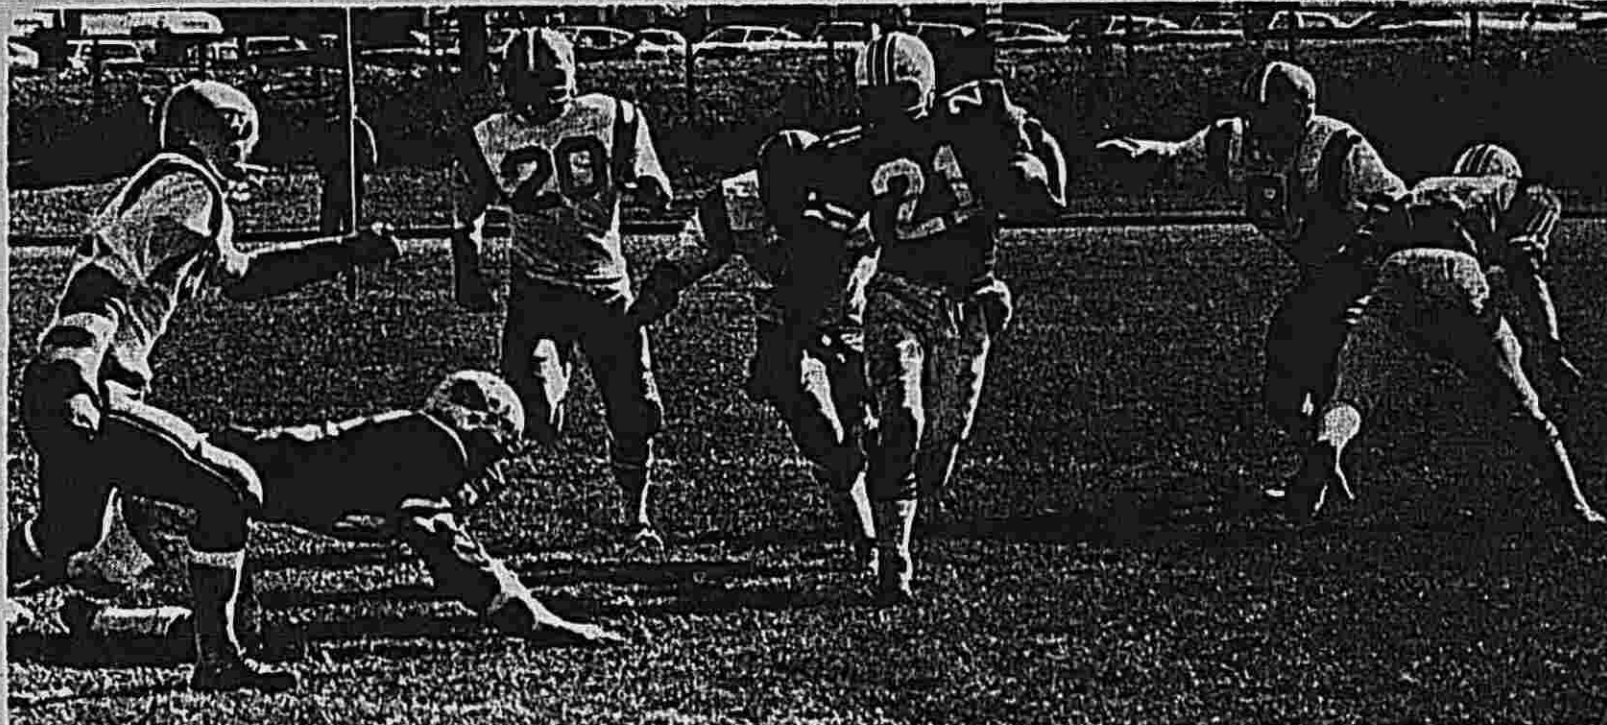

The tide of the game turned with 3:17 left in the game when the Sequoit defense held Wauconda on a fourth and less-than-one play at the Bulldog 49 yard line.

Antioch took the ball over and the offensive unit, which has been punchless up to that point moved the ball 49 yards in six plays to score. During that drive both Davis and Bob Bailey had 11-yard sprints and quarterback Darrell Channell fired a 24-yard pass to Mike Jones.

The defense had the only other Sequoit score mid-way in the first quarter when Jim White blocked a Wauconda

punt, picked up the ball and ran it 19 yards into the end zone for a touchdown. The conversion kick failed.

Less than three minutes after Antioch took the early lead, Wauconda marched downfield in 12 plays and capped the drive with a 10-yard touchdown pass from Mike Dowell to John Parot. The two-point conversion was good and Wauconda led 8-6.

The middle of the game was a lifeless battle that saw both teams punting back and fourth as anemic offenses moped around the field. The middle quarters were also a show of errors. Wauconda was penalized seven times for 55 yards, and the flag was dropped on Antioch nine times for 65 yards.

"We made dumb mistakes," admitted Antioch Head Coach Roy Nelson.

One costly error came on Antioch's first play from scrimmage late in the first quarter. Antioch ran a "sleeping play" in which Mike Jones caught a Channell pass and raced all alone down the sidelines to score, only to have it called back because of illegal procedure. Antioch had only ten men on the field and one too few

players on the line of scrimmage.

Nelson said he believes that his team became overly confident when it took its early lead in the first quarter. The lead, coupled with Wauconda's record and push-over reputation, he said caused the Sequoits to believe they could slide through.

This was not true with all the Sequoits, however. Bailey was Antioch's leading rusher, carrying 13 times for 57 yards, and Davis contributed 46 yards and a touchdown in 14 carries. Channell picked up another 30

yards rushing.

Rick Sedar was the defensive star for the Sequoits with eight tackles and 11 assists. Frank Pleviak and White each had four tackles with seven and six assists respectively.

The defense also threw Wauconda backs behind the line of scrimmage seven times for losses totalling 47 yards.

Antioch goes for two straight next week, playing their homecoming game against Grayslake.

## HARRIERS PLACE AT MUNDELEIN

The sophomore team, which beat out Grant and Mundelein had four finishers in the top 15. They were: Bill Harland, 8th; Jack Wojnowiak, 10th; Jim Grippando, 11th, and Mike Corso, 13th.

Antioch now holds down 2nd place in league standing behind leading Woodstock.

The Antioch Varsity Cross Country team won 3rd place in the Mundelein Invitational Cross Country Meet Saturday, October 13.

The Sequoit sophomore team did even better, capturing 1st in a field of 12 teams.

The varsity finished behind first-place Lake Forest and 2nd place Mundelein. Individual stars for the Sequoits were: Mike Harland, finishing 6th; Kevin Walpole, following closely in 7th place; and George Pierce, pulling in 12th.

## RIFLES EXPECT SELL-OUT FOR CHAMPIONSHIP GAME

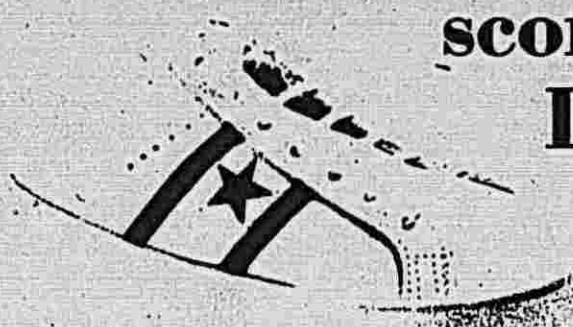

A sold out stadium is expected when the Lake County Rifles meet the Madison Mustangs October 20 for the championship of the Central States Football League.

The game will start at 7:30 p.m. in Carmel Field, on highways 63 and 176 in Mundelein. The Rifles won the southern division crown of the league while Madison headed the northern division.

The league office set reserved seat ticket prices for the game at \$4 a seat and general admission at \$3.50. Children under 18 years of age may attend for \$1.

Tickets are available through the Lake County Rifles office in Libertyville and will be placed at various outlets through northern Illinois. Those interested in purchasing tickets from an outlet near their home should contact the Rifles office for the nearest location.

This was not true with all the Sequoits, however. Bailey was Antioch's leading rusher, carrying 13 times for 57 yards, and Davis contributed 46 yards and a touchdown in 14 carries. Channell picked up another 30

yards rushing.

Rick Sedar was the defensive star for the Sequoits with eight tackles and 11 assists. Frank Pleviak and White each had four tackles with seven and six assists respectively.

The defense also threw Wauconda backs behind the line of scrimmage seven times for losses totalling 47 yards.

Antioch goes for two straight next week, playing their homecoming game against Grayslake.

## HARRIERS PLACE AT MUNDELEIN

The sophomore team, which beat out Grant and Mundelein had four finishers in the top 15. They were: Bill Harland, 8th; Jack Wojnowiak, 10th; Jim Grippando, 11th, and Mike Corso, 13th.

Antioch now holds down 2nd place in league standing behind leading Woodstock.

The Antioch Varsity Cross Country team won 3rd place in the Mundelein Invitational Cross Country Meet Saturday, October 13.

The Sequoit sophomore team did even better, capturing 1st in a field of 12 teams.

The varsity finished behind first-place Lake Forest and 2nd place Mundelein. Individual stars for the Sequoits were: Mike Harland, finishing 6th; Kevin Walpole, following closely in 7th place; and George Pierce, pulling in 12th.

## RIFLES EXPECT SELL-OUT FOR CHAMPIONSHIP GAME

A sold out stadium is expected when the Lake County Rifles meet the Madison Mustangs October 20 for the championship of the Central States Football League.

The game will start at 7:30 p.m. in Carmel Field, on highways 63 and 176 in Mundelein. The Rifles won the southern division crown of the league while Madison headed the northern division.

The league office set reserved seat ticket prices for the game at \$4 a seat and general admission at \$3.50. Children under 18 years of age may attend for \$1.

Tickets are available through the Lake County Rifles office in Libertyville and will be placed at various outlets through northern Illinois. Those interested in purchasing tickets from an outlet near their home should contact the Rifles office for the nearest location.
